Executive Summary

Tata Motors Limited, also known as Tata Motors Commercial Vehicles, is an Indian multinational commercial vehicle manufacturer, headquartered in Mumbai and is a part of the Tata Group. The company produces trucks, vans, and buses. The company was incorporated in 2024 as TML Commercial Vehicles, after Tata Motors announced the demerger of its commercial vehicles business. In October 2025, the demerger came into effect and the demerged entity TML Commercial Vehicles was subsequently renamed Tata Motors, while the original Tata Motors was renamed Tata Motors Passenger Vehicles. The company's notable subsidiaries include Tata Daewoo, Tata Marcopolo, and the proposed acquisition of Iveco.

Tata Motors has joint ventures with Hitachi (Tata Hitachi Construction Machinery) and Stellantis, which makes engines and vehicle components for Fiat Chrysler and Tata-branded vehicles.

- The report uses 7 background section(s) and 8 recent news item(s).
- Important recurring terms found in the collected material include: tata, news, truck, chassis, motors, comprehensive.
- Detailed article text is included where publisher pages allowed extraction.

Chapter 3

Background And Context

Reference source: https://en.wikipedia.org/wiki/Tata_Motors

History

- **Background:** Tata Group entered the commercial vehicle sector in 1954, after forming a joint venture with Mercedes-Benz of Germany in which Tata developed a manufacturing facility in Jamshedpur for Daimler lorries. By November 1954, Tata and Daimler manufactured their first goods carrier chassis at the Jamshedpur plant with 90-100 hp and capacity of 3-5 tons.
- **Demerger:** In March 2024, the original Tata Motors announced that it would split into two separate listed entities through a demerger. Consequently, the commercial vehicles business was transferred to its wholly owned subsidiary called TML Commercial Vehicles Limited, which was incorporated on 23 June 2024.

Operations

Tata Motors has commercial vehicle manufacturing plants at Jamshedpur (Jharkhand), Lucknow (Uttar Pradesh), Pantnagar (Uttarakhand), and Dharwad (Karnataka).

- **Tata Daewoo:** Tata Daewoo (officially Tata Daewoo Commercial Vehicle Company and formerly Daewoo Commercial Vehicle Company) is a commercial vehicle manufacturer headquartered in Gunsan, Jeollabuk-do, South Korea, and a wholly owned subsidiary of Tata Motors. It is the second-largest heavy commercial vehicle manufacturer in South Korea and was acquired by Tata Motors in 2004.
- **Tata Marcopolo:** Tata Marcopolo is a bus-manufacturing company which was established as a joint venture between Tata Motors (51%) and the Brazil-based Marcopolo S.A. (49%). The company manufactures and assembles fully built buses and coaches targeted at developing mass rapid transportation systems.

Former subsidiaries

- **Tata Hispano:** Tata Hispano Motors Carrocera, S.A. was a bus and coach manufacturer based in Zaragoza, Aragon, Spain, and a wholly owned subsidiary of Tata Motors. Tata Hispano had plants in Zaragoza, Spain, and Casablanca, Morocco.
- **TML Drivelines:** TML Drivelines Ltd. was a wholly owned subsidiary of Tata Motors engaged in the manufacture of gearboxes and axles for heavy and medium commercial vehicles. It has production facilities at Jamshedpur and Lucknow.

Products

The company's commercial vehicles include: Tata Ace Tata Ace Zip Tata Ace EV Tata Super Ace Tata Ace Mega Tata Intra Tata Intra V10 Tata Intra V20 Tata Intra V30 Tata Intra V50 Tata Xenon XT Tata Yodha Tata Iris Tata Yodha/Xenon Pick-up truck Tata 407 Ex and Ex2 Tata 709 Ex Tata 807 (Steel cabin chassis, cowl chassis, medium bus chassis, steel cabin + steel body chassis) Tata 809 Ex and Ex2 Tata 909 Ex and Ex2 Tata 1210 SE and SFC (Semi Forward) Tata 1210 LP (Long Plate) Tata 1109 (Intermediate truck/ LCV bus) Tata 1512c (Medium bus chassis) Tata 1515c/1615 (Medium bus chassis) Tata 1612c/1616c/1618c (Heavy bus chassis) Tata 1618 (Semilow-floor bus chassis) Tata 1623 (Rear-engined low-floor bus chassis) Tata 1518C (Medium truck) 10 ton Tata 1613/1615c (Medium truck) Tata 1616/1618c (Heavy duty truck) Tata 2515c/2516c/2518c (Heavy duty 10-wheeler truck) Tata Starbus (Branded buses for city, intercity, school bus, and standard passenger transportation) Tata Divo (Hispano Divo) Tata CityRide (12- to 20-seater buses for intracity use) Tata 3015 (Heavy truck) Tata 3118 (Heavy truck) (8×2) Tata 3516 (Heavy truck) Tata 4018 (Heavy truck) Tata 4923 (Ultraheavy truck) (6×4) Tata Novus Tata Prima Tata SIGNA series Tata Ultra series (ICV Segment) Tata Winger - (minivan)

Notable vehicles

- **Tata 407:** The Tata 407 is a light commercial vehicle (LCV). According to the Tata Motors 2011-2012 annual report, the vehicle had sold over 500,000 units since its 1986 launch and accounted for close to 75% of LCV sales during that period.
- **Tata Ace:** Tata Ace, India's first indigenously developed sub-one-ton minitruck, was launched in May 2005. The minitruck was a huge success in India with auto analysts claiming that Ace had changed the dynamics of the LCV market in the country by creating a new market segment termed the small commercial vehicle segment.
- **Tata Xenon/Yodha:** Tata Xenon, also called the Tata Yodha, is a mid size pickup truck first introduced in 1988 as the Tata Telcoline. The second generation pickup truck called the Xenon has been produced since 2006, with its facelift being produced as the Yodha.
- **Tata Prima:** Tata Prima is a range of heavy trucks first introduced in 2008 as the company's 'global' truck. Tata Prima was the winner of the 'Commercial Vehicle of the Year' at the Apollo Commercial Vehicles Awards, 2010 and 2012.

Source-Based Analysis

Main Themes

- Tata
- News
- Truck
- Chassis
- Motors
- Comprehensive
- Up-To-Date
- Coverage
- Aggregated
- Sources

Observations

- The background source provides a reference foundation for Tata Motors, including 7 structured section(s).
- Recent coverage adds current context through 8 news item(s), with detailed article text extracted for 8 item(s).
- The collected material repeatedly emphasizes tata, news, truck, chassis, motors, making these useful areas for project discussion.

- Use the references section to verify every important claim before final academic, business, or client submission.

Limitations

- Some publisher sites block automated article extraction, so the report may use RSS summaries for those items.
- The report is extractive and source-backed; it does not replace expert review or original research.
- News coverage changes over time, so regenerate the report when current information is important.
